

Vintage Computer Festival East

April 15-17, 2016, InfoAge Science Center, Wall, New Jersey

Details, schedule, tickets, and everything else: www.vcfed.org

This year's VCF East is three days of family-friendly historic computing nerdity!

The vitals:

- Friday: 12 classes, 8-bit game programming hackathon, film: "Growing the 8-bit generation"
- Saturday/Sunday: 40 hands-on exhibits of historic computing from the 1950s-1980s, preview re-opening of the computer museum at the InfoAge center, consignment/vendors
- Keynotes: John Blankenbaker (Friday), Stewart Cheifet (Saturday), Ted Nelson (Sunday)
- Tickets available online & at the door. Kids get in free Saturday/Sunday!
- Proceeds benefit the non-profit Vintage Computer Federation & InfoAge Science Center
