

VCF 2023 Stamp Hunt

Win Big Prizes!

Saturday Drawing

First Prize: **Boxed, new, NABU computer**
Second Prize: **Working Apple IIe from VCF (system only)**

Drawing: Right after the conclusion of the Saturday Streamer Roundtable, in the 9010-D Bunk room (where the stage is).

In order to promote the free exploration of all the exhibits in the Festival- and ensure that visitors are seeing all of them- we are introducing a Stamp Hunt this year. What is a stamp hunt? It's a simple game to seek out and find the four unique Stamp Stations located in all the primary, public areas of the 2023 Festival. The stations are not hidden- but they are located in physically disparate locations on campus where there are exhibits and classes. Use the map! Find the Stamps! Win the Computer!

Rules:

1. You must be present to win! Names drawn and not in room will be discarded and a new card drawn until a winner is present and identified.
2. You can enter only once. Duplicate entries disqualify you.
3. **All Four Unique Stamps** must be stamped on the back of the card (cards drawn with less than four unique stamps will be discarded and another card drawn).
4. This hunt is valid only on Saturday April 15th, 2023.
5. Only paid event visitors are eligible - volunteers (who have not paid and official Staff of VCFederation are not eligible to win a prize).
6. It is not necessary for an entry to be on one of the VCF Business cards- you can submit a piece of paper with all four stamps and your name.

Entry Cut off at 3:30 PM

* Valid entry gives you a *chance* to win in the drawing from all valid entries
