## **VCF SE 11.0 Consignment Sale Information Sheet**

Selling your old computer items on consignment at the Vintage Computer Festival is easy and trouble-free. You just drop off your items on Saturday and come back on Sunday to pick up your unsold items. We take care of all the details. We take a nominal 15% actual sale price as our commission.

## **INSTRUCTIONS**

Fill in your personal information on the left. Then list each item you are selling including your asking price and the minimum offer you are willing to accept. We will attempt to sell the item for as close to your asking price as possible, but we will negotiate with any potential buyer down to your minimum selling price. We will not sell your item below your minimum asking price. Return at 5pm on Sunday to receive any unsold items.
