

Given the limited space of our venue and the expectation of the crowd, some restrictions of consignment items are necessary. This is not a ham radio festival, nor is it a flea market.

Items prohibited from consignment:

Computers newer than 2010
Telecom equipment
Cordless phones
Televisions
Laser Printers
Inkjet printers
Amateur Radio equipment
Pro Audio equipment (Public Address systems, microphones, amplifiers, mixing consoles)
Hi-fi systems (speakers, receivers, amplifiers)
Video equipment (VCRs, VTRs, cameras, editing equipment)
Electronic Test Equipment not found on the acceptable working test equipment list
Consumer Radios

Acceptable working test equipment:

Oscilloscopes
CRT testers
Logic Analyzers

Advisories

CRTs must be complete and in working condition, we will test them before they can be consigned
